

Computer-Grade Power Protection and Battery Backup Solutions for All Electronic Equipment

Smart Power Systems is a developer and manufacturer of power quality products. Our complete line of power quality solutions includes computer-grade filters, line conditioners, automatic voltage regulators, uninterruptible power supplies (UPS), and power analyzers. Smart Power Systems provides comprehensive power protection for Audio/Video equipment, DVR & CCTV Systems, Security Systems, Computers & Servers, POS Systems, Voice & Data Communication Systems, Copiers & Office Equipment as well as other mission critical equipment. By eliminating damaging electrical line noise, our products have proven to reduce overall support issues and to allow your electronic equipment to operate as intended.

The Latest Technology in Power Protection

All of our patented TBFTM Transformer-Based Filter products are developed and manufactured in the USA

SMARTNET II

Data Line and Signal Protector

It provides power protection for any equipment connected through a telephone line, DSL, or Network RJ11/45, Coaxial or BNC cable.

Size: 1.37x1.31x3.31
 Weight: 0.11 lbs.

SMART CORD UTBF

Computer Grade Filtering for Limited Spaces, Ensures Maximum System Uptime

7 or 10 amp models with computer-grade filtering, numerous receptacle options (1,3 & IEC). Also available with network protection. Also provides Ground Loop Protection.

Size: 4x2.5x2
 Weight: 1.2 lbs.

COMPUTER GUARDIAN

Electronic Power Conditioner Provides Power Protection for Electronic Equipment

15-amp product with computer grade filtering, over-voltage and surge protection, network/phone protection. Also provides Ground Loop Protection.

Size: 6.25x4.5x1.75
 Weight: 2.05 lbs.

VENUS UPS

Line Interactive Uninterruptible Power Supply with Transformer-Based Filter (TBFTM)

Battery back-up with our TBF filtering, surge suppressor in addition it also has voltage regulation, UPSwing monitoring software. Also provides Ground Loop Protection.

Size: 13x4x5.6
 Weight: 11 lbs.

OFFICE-TBF UPS

Stand-by Uninterruptible Power Supply for All Electronic Equipment

Battery backup with Transformer Based Filter, surge suppressor, noise filtration & UPSwing monitoring software. Also provides Ground Loop Protection.

Size: 11.7 x 5.1 x 3.3
 Weight: 8.25 lbs.
